More than \$685 Million Worth of Mortgages Saved Across Northeast Region of U.S. in the 12 Months Ending September 2009

Genworth helped prevent the loss of \$687 million in mortgages to foreclosure across the northeast region of the United States in the 12 months ending September 30, 2009. Working with lenders and loan servicers, the company completed more than 4,500 successful mortgage workouts in this region over this period. The most mortgage dollars saved were in New York (\$105 million), New Jersey (\$88 million) and Pennsylvania (\$85 million).

Forty-eight percent of Genworth's workouts in the northeast region were loan modifications, followed by repayment (23 percent), HomeSaver Advance™ (16 percent), short sale (12 percent), and deed in lieu (one percent).

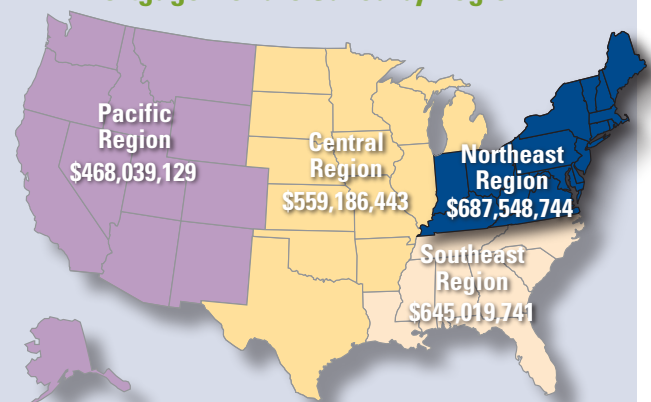

The quarterly Foreclosure Prevention Scorecard provides a representative snapshot of mortgage workout trends by analyzing data from Genworth's Homeowner Assistance program. Genworth Financial and its servicer partners are committed to averting foreclosures, keeping homeowners in their homes and preserving communities by helping borrowers refinance or modify their mortgages.

Key findings for the northeast region in Q3 include:

- More than \$680 million in mortgages were saved from foreclosure throughout the northeast region of the U.S. in the 12 months ending September 30, 2009.
- Nearly nine out of 10 borrowers helped were able to keep their homes and avoid foreclosure.
- Each mortgage workout amounted to savings, on average, of \$148,467.

State-by-State Workout Types (Percentages)

Workout Types

Repayment Plan

A borrower makes scheduled payments toward the delinquent amount of the loan in addition to the regular payments to bring the loan current

HomeSaver Advance™

Funds are loaned to the borrower by the investor to bring the loan current

Loan Modification

A borrower brings the loan current by adding past-due amounts to the unpaid principal balance and possibly changing one or more of the terms of the original loan to make the payment more affordable

Deed-in-Lieu of Foreclosure

A borrower turns over the title of the property to the lender to avoid foreclosure

Short Sale

A borrower avoids foreclosure by selling the property, even when the home's market value is less than the total amount owed
