More than \$645 Million Worth of Mortgages Saved Across Southeast Region of U.S. in the 12 Months Ending September 2009

Genworth helped prevent the loss of more than \$645 million in mortgages to foreclosure across the southeast region of the United States in the 12 months ending September 30, 2009. Working with lenders and loan servicers, the company completed more than 5,000 successful mortgage workouts in this region over this period. The most mortgage dollars saved were in Florida (\$245 million), Georgia (\$122 million) and North Carolina (\$90 million).

Forty-three percent of Genworth's workouts in the southeast region were loan modifications, followed by repayment (22 percent), short sale (18 percent), HomeSaver Advance™ (16 percent), and deed in lieu (one percent).

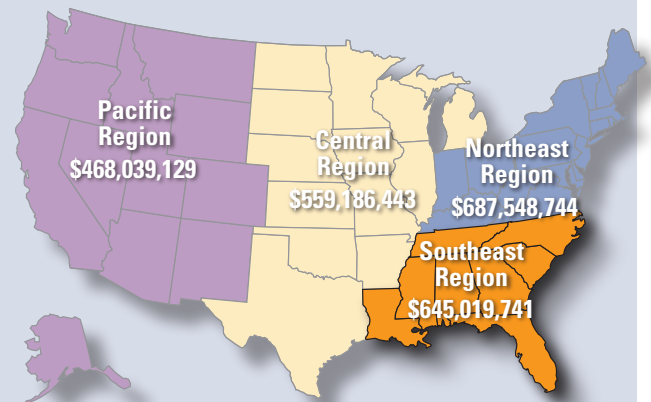

The quarterly Foreclosure Prevention Scorecard provides a representative snapshot of mortgage workout trends by analyzing data from Genworth's Homeowner Assistance program. Genworth Financial and its servicer partners are committed to averting foreclosures, keeping homeowners in their homes and preserving communities by helping borrowers refinance or modify their mortgages.

Key findings for the southeast region in Q3 include:

- More than \$645 million in mortgages were saved from foreclosure throughout the southeast region of the U.S. in the 12 months ending September 30, 2009.
- Eight out of 10 borrowers helped were able to keep their homes and avoid foreclosure.
- Each mortgage workout amounted to savings, on average, of \$122,954.
- Florida accounted for almost 40 percent of mortgage dollars saved throughout the region.
